

Brass Ship's Wheel

The Lunenburg Foundry Helm

The Lunenburg Foundry ship's helm has been a product that we've sold for years. The fellow is made from a clean cast bronze with a polished bronze axle and spokes. The handles are made of oak sanded to perfection with a light varnish finish. There's an option to emboss your ships name between the spokes of the wheel depending on the name length and diameter wheel you want.

Diameter (inches)	Price
20	\$1,250.00
24	\$1,750.00
32	\$2,150.00
38	\$2,350.00
44	\$3,250.00
50	\$3,650.00
56	\$4,450.00

Will be machined to fit the customers specifications.
Custom lettering can be supplied at a cost of \$10.00 per letter.
Special pattern rework adds \$150.00.

*HST not included
