## Brass Bells

Years ago, each vessel had its own bell for safety and communication. Because maritime weather can be somewhat foggy from time to time, bells were used to guide dories back to the mother ship. Now a days, bells are still very useful out in the marine environment but they can also make a beautiful gift or decoration. For special sizes and designs, call us at the number bellow.

Diameter (inches)	Hand Held	Wall Mount	Yoke	Price
3	Yes	No	No	\$ 295.00
4	Yes	Yes	No	\$ 350.00
